INFORMATION ONLY

Dear Owner/Manager:

You are receiving this letter because Lewis Cass House recently completed a HCBS Non Residential(NR) Provider Survey for a beneficiary (WSA ID 00000) enrolled on the Habilitation Supports Waiver.

In January 2014, the Centers for Medicare and Medicaid Services (CMS) published in the Federal Register a Final Rule on Home and Community Based Services (HCBS). The intent of this Final Rule is to ensure that individuals receiving long-term services and supports through the Medicaid HCBS programs have full access to the benefits of community living and the opportunity to receive services in the most integrated setting appropriate.

CMS has allotted an implementation period of up to five years, with the expectation that all HCBS Medicaid programs are fully compliant by March 17th, 2019. In order to be compliant with the CMS requirement, MDHHS is conducting HCBS surveys for residential and non-residential providers of the HSW population.

After the review of your completed survey, MDHHS has determined that New Horizons Rehabilitation Services, Inc. **is currently in compliance** with the CMS HCBS Final Rule. In order to continue receiving funding from MDHHS HCBS waivers, your setting must remain in compliance with the HCBS Final Rule. Providers should expect to be reassessed for compliance with the Final Rule on an annual basis.
